## Friendly Reminders

**UPDATED PARKING RULES AND REGULATIONS** - Please familiarize yourself with the updated parking rules sent out with the November mailing. The rules have been duly adopted at the 11/17 Board meeting and will be effective beginning December 16, 2008. As a reminder, a vehicle left parked in a Fire Zone for longer than 20 minutes or left overnight will be towed.

**COMMON AREA** - It has come to the Board's attention that owners are trimming Common Area foliage ordinarily maintained by our landscape contractor. And even a more serious situation, individuals have illegally altered Common Area electrical fixtures going into their garages. Please report such activities to the Board.
